ABOUT AIRBALTIC

- The Air Baltic Corporation was founded in 1995 and since then has become one of the Europe's fastest growing airlines and the leading carrier in the Baltics.
- Latvian airline *airBaltic* has received rating in *Gold* category in the *Sustainability index 2022*. This is the second time that *airBaltic* has participated in the evaluation procedure. Previous year *airBaltic* received rating in the *Silver* category.

GREEN BY NATURE

- Our flights are greener with Airbus A220. As a young and ambitious company established in a region rich in forests and logn coastlines, we are proud to say that being green is in our nature. We are on our way to being the greenest airline in Europe!

🌱 **Airbus A220-300** is one of the world's greenest commercial aircraft in the skies. Compared to previous generation aircraft of similar size, the new planes feature a 20% reduction in CO2 emissions, 50% less NOx emissions, and a 4x smaller noise footprint.

80+ DESTINATIONS FROM RIGA

18 DESTINATIONS FROM TALLINN

12 DESTINATIONS FROM VILNIUS

6 DESTINATIONS FROM TAMPERE

🌱 **Less plastic** starting from 2020. Plastic items in our in-flight service are gradually being replaced by more eco-friendly alternatives.

FLEET

- Our fleet consists of 35 of the world's greenest commercial aircraft Airbus A220-300
- For the second year in a row we have been recognized by the web-based service provider ch-aviation as the **winner of the Europe's Youngest Aircraft Fleet Award 2022** with an average fleet age of 2.87 years.
