Discover the Maltese Islands - brimming with unique historical and cultural experiences

## HOTELS & MORE!

The vast array of lodging in Malta is astounding and what's more is that there is something for everyone's personality and luxury level; from the boutique to the seaside resort-style hotels.

## ADVENTURE

Malta is an ideal location for an adventure holiday with our clear waters, rugged coastline, winding streets and annual sporting events. Malta provides the ultimate Mediterranean experience.

## CULTURE & FAITH

As one of Europe's first civilizations, no other country can scream as much culture and history when comparing land mass as Malta does. Our storyline begins some 7000 years ago.

## GASTRONOMIC

Because food is a very important part of the Maltese culture, a trip cannot be complete without a culinary experience. From the farmer to the baker - any experience is possible.

## KNIGHTS & DAMES

Get up close and personal with the men and women who help to make up the storyline of the Maltese Islands. Meet Knights and Dames in the privacy of their own homes to learn about their lives and devotions.

## HONEYMOONS

From romantic walks, private sails, private concerts, exclusive dinners and more, Honeymooners will fall in love with the islands' aura of romanticism.

## SMALL GROUP

We pride ourselves in being able to deliver the best small group travel program to Malta, Gozo and Comino. Consider a smaller incentive group to ensure unparalleled experiences with us.

## PRIVATE

Your most discriminating clientele will obtain rare access to some of Malta's hidden treasures including private palazzos and villas of Malta's aristocracy.
